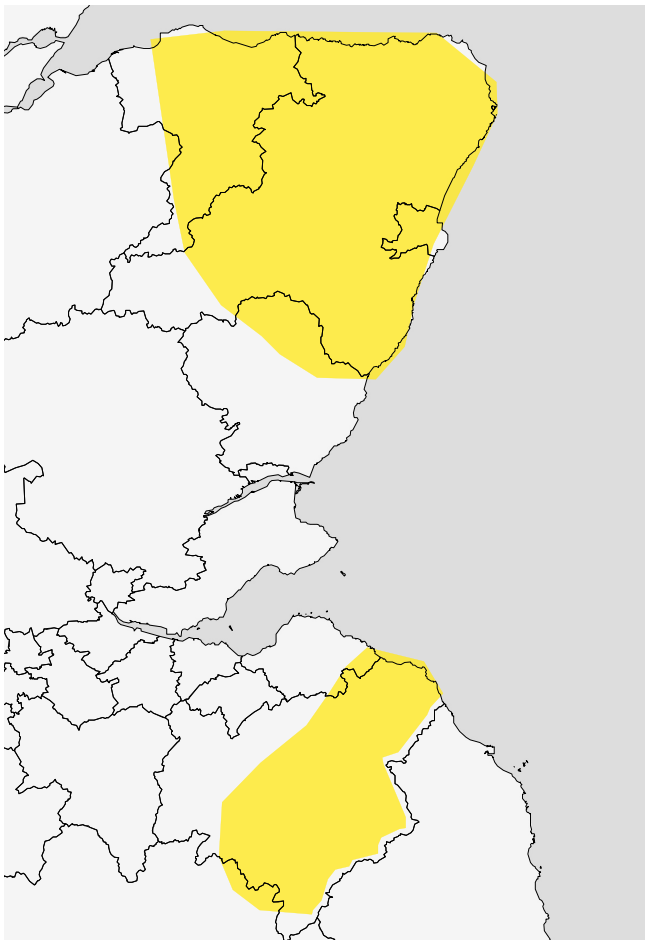
Yellow warning
Rain

Between
15:00 Fri 6 Dec 2024 and
22:00 Sat 7 Dec 2024



Rain associated with Storm Darragh may lead to some transport disruption from late Friday through Saturday morning

What to expect

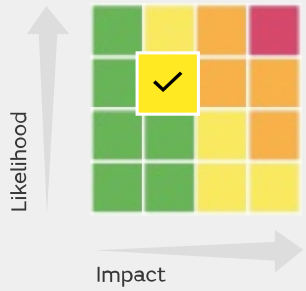
- Spray and flooding on roads probably making journey times longer
- Bus and train services probably affected with journey times taking longer
- Some interruption to power supplies and other services likely
- Flooding of a few homes and businesses is likely

Further details

Storm Darragh moving across the country will bring rain, turning wintry above 600-700m. Rainfall of 20-30 mm is expected widely and as much as 35-45mm over the higher ground. As it is falling onto saturated ground may lead to some local flooding and transport disruption.

What should I do?

Check if your property could be at risk of flooding. If so, consider preparing a flood plan and an emergency flood kit.



✓ Medium likelihood of low impacts

Further Details (continued)

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.

People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.

Reason for update

Extending end time and cutting area to focus on the east coast.
